Company Profile

Corporate identity, leadership, mission, product portfolio, public presence, and strategic direction.

Company Profile

I am J Corporation is a United States technology company headquartered in Palo Alto, California, developing human-centered artificial intelligence for people, organizations, and communities.

Corporate Overview

I am J is building an AI ecosystem that helps people and institutions understand, navigate, communicate, learn, and act with greater confidence-across languages, devices, locations, and operating environments.

Items

Mission and Vision

I am J envisions artificial intelligence that is understandable, multilingual, context-aware, accessible, governable, and capable of serving people and institutions wherever knowledge is needed.

Hernan

Leads corporate strategy, product vision, technical architecture, AI systems, enterprise platform development, fundraising, senior decision-making, and external technology relationships.

Darina

Leads financial stewardship, corporate administration, governance support, records, institutional readiness, operating coordination, and long-term organizational development.

Platform Portfolio

I am J combines a production consumer platform with J-SPARK Nexus, an enterprise deployment architecture designed to extend multilingual, contextual, and responsible artificial intelligence into organizations, schools, NGOs, public institutions, and remote environments.

Global Impact Direction

I am J is building technology intended to improve access to information, communication, learning, navigation, institutional

capability, and multilingual knowledge services across consumer, educational, humanitarian, enterprise, and

public-interest environments.
